

Each PhD student that participates in the PhD course may fill in the form at any time, including after each session. The form may be put anonymously in the course professor's post box.

Course code	Course title	ECTS credits	Semester, year	Professor/lecturer	Today's date

Comments to the course could be about:

- teaching (methods, pedagogical approach, quality/frequency of lectures, group work supervision)
- course contents (curriculum, level of difficulty, quantity, relevance)
- progression
- overlap with other courses
- workload (reasonable compared to the size (number of credits) of the course)
- feedback (do the PhD students get sufficient feedback during the course (formal or informal))
- PhD student participation (presence in lectures and group work, submission of assignments, independent study, as well as consideration of the total workload, expected to meet the calculation of 25-30 hours per 1 ECTS credits)
- information (about lectures, curriculum, class hours, examination etc.)
- availability of books and literature on the reading list
- administrative support
- teaching premises

The PhD student's evaluation about this PhD course:

Please use a separate sheet if required

The form is to be completed by the PhD student and delivered to the course professor or to the PhD coordinator in Grimstad (phd-tek@uia.no).
