

UNIVERSITETET I AGDER

Invites, with support by the Faculty of Engineering and Science, to

Seminars in mathematics and mathematics education "Mondayseminars" - Fall 2010

Changes, in particular extension possible! Responsible for the series: Reinhard Siegmund-Schultze (UiA)

Week	Date	Mondays 14.15 – 16.00, J – building (Niels Henrik Abels hus), Gimlemoen, Kristiansand, auditorium J2-009 (Exceptions will be announced. See separate abstracts on website UiA)
------	------	---

35	30.8.	Leiv Storesletten (UiA): "Kor mange er uendeleg - Paradoks og moro med uendelege mengder" Host: Inger J. Håland Knutson Obs: rom B1 001
36	9.9.	Bernt Øksendal (UiO): Mathematics and Finance: The Black-Scholes option pricing formula and beyond Host: Inger J. Håland Knutson Note: room B3 008 and Thursday, 14.15-15.00
39	27.9.	
40	4.10.	Markku Hannula (University of Helsinki) "Affective structures in mathematics" Host: Barbro Grevholm
42	18.10.	
43	25.10.	Ragnhild Johanne Rensaa (Høgskolen i Narvik): "Plans for a research project on engineers studying to become teachers: What can we learn about the transition from engineer to mathematics teacher?" Host: Barbro Grevholm
44	1.11.	Birgit Pepin (H i Sør Trøndelag): "Maths can be tiring, but it can provide opportunities": a comparative study of Norwegian and English secondary students' attitude toward mathematics Host: Barbro Grevholm
46	15.11.	Ehrhard Behrends (Freie Universität, Berlin): "Mathematics makes billionaires (Google algorithm)" Host: Inger J. Håland Knutson Note: room B1-018
47	22.11.	Gjermund Torkildsen (Sørlandet kompetansesenter): masteroppgave "Regneprøven som inspirasjonskilde for tilpasset opplæring i småskolen – kartleggingsprøver i lys av internasjonal forskning på tallforståelse og vurdering." Veileder: Anne Berit Fuglestad Obs: rom JU-071!
